### TWO MEN CHARGED WITH BREAKING — ENTERING STORE APPREHENDED

Breath's Haberdashery Store Looted of Wearing Apparel  
Lodged in County Jail Few Hours After  
Looting—Youths Confess.

Wearing apparel and shoes, at an  
inventoried value of \$78.85 were  
stolen from the haberdashery store  
of Charles A. Breath, Jr., on Beach  
Boulevard, head of Main street, at  
about 4 o'clock, Saturday morning  
of last week, and at 8:30 o'clock  
local county and city police force  
had captured two youths at head of  
Nicholson avenue, who, later con-  
fessed to the charge of breaking and  
entering.

The youths were James Alton  
Brown, of Columbus, Ga., and Sam-  
uel Davis, Jr., of Hickman, Ky.,  
white. They had been loitering  
around the city the evening previ-  
ously. They gained entrance to the  
store by climbing a foundation post  
made possible their entrance.

When arrested the stolen goods  
were found about their person, in-  
cluding one leather jacket of super-  
ior quality, 4 polo shirts, several  
pairs of trousers, socks, etc., each  
wearing a new pair of shoes and  
others they carried along with fur-  
nishings in a cardboard box. The  
men carried the clothes on their  
person, wearing three pairs of pants,  
three polo shirts, etc. The sale val-  
ue inventoried over \$150.00. All  
goods were returned and Mr. Breath  
withdrew the goods from his stock.

The youths had been seen earlier  
during the morning on the back  
road, to Waveland, and were re-  
membered as one wearing a blue  
cap and the other a white cap, from  
the goods missing.

Joseph Gilbert of Bay St. Louis,  
saw the pair walking towards Wavel-  
and and remembered they wore the  
caps indicated above. This clue  
was valuable as it served to run  
down the men. They were found  
near Nicholson avenue, in a per-  
manent contentment and ob-  
livious that they were being sought.  
The credit for this fine work goes to  
the sheriff's office, force and the  
city police force and assistants.

Both men gave confessions. They  
were finger printed by the Sheriff's  
office and their record sent on to  
Washington to the G-men depart-  
ment.

Chief Deputy Sheriff F. J. Bopp  
said the finger prints would be in-  
vestigated at Washington and pos-  
sibly a further record may be re-  
vealed.

Here are the admitted police re-  
cords:  
James Alton Brown, alias "Bill",  
native of Phoenix City, Ala., resi-  
dent of Columbus, Ga., born April  
28, 1919, aged 19. At Birmingham,  
Ala., charged with vagrancy, served  
8 days in jail, in 1935. Same charges  
at Lake Charles, La., in 1935, and  
same charge at Macon, Ga., 1937.  
Weight 139 pounds.  
Samuel Davis, Jr., born Novem-  
ber 12, 1921, aged 16 years, native  
and resident of Hickman, Ky. Dis-  
charged on charge of vagrancy at  
Fort Worth, Texas, 1936; at Hick-  
man, Ky., in 1936, charged with  
breaking and entering on probation  
one year. In 1937, at same place,  
charged with grand larceny, served  
11 months of a 15-month term. In  
1936, at Louisville, Ky., arrested and  
charged with vagrancy, returned to  
Hickman, Ky. Weight 139 pounds.  
Both men confessed, they were  
placed in a cell together on the  
first floor of the county jail, where  
they will await the action of the  
Grand Jury.

### BAY ROTARY CLUB RECEIVES REPORT DISTRICT DELEGATES

Biloxi Rotary Club Announ-  
ces Special Broadcast  
To Local Fishermen  
Out in Gulf.

Delegates representing the local  
club at the District Conference of  
Rotary International held at Hat-  
tiesburg, May 8, 9, and 10, made the  
conference report at the regular  
meeting Hotel Reed Wednesday. A  
feature of the conference was the  
four "Service Lunches," where  
programs were conducted pertaining  
to the respective objectives of Ro-  
tary organization, namely: Club  
Service, Vocational Service, Com-  
munity Service, International Ser-  
vice. The community service lunch-  
eon was attended by Rotarian Eddie  
Jones, who reported on the discus-  
sions of this meeting. Club service  
luncheon was attended by President  
Norton Haas, who reported on this  
objective.

Rotarian Jones reported that the  
outstanding community service dis-  
cussed was Boy Scout work. This  
worthy work was found to be  
sponsored by practically all of the  
clubs in the district. He said that  
the theme of the program centered  
around service to the Youth of our  
country. The group concurred in  
the opinion that this was one of the  
most important and far reaching  
works that could be carried on by  
a club. Special mention was made  
of a great community service, ren-  
dered by the Rotary Club of Bil-  
oxi. This club inaugurated a plan  
of regular radio broadcast concern-  
ing the families of fishermen who  
were at work in the gulf. Delin-  
quent school children was found to  
be of increasing importance in the  
discussion.

Rotarian Haas gave a brief dis-  
cussion on the following subjects  
which were presented before the club  
service luncheon: 1. The need of  
a classification survey. 2. Re-  
quirement of an average attendance  
at meetings. 3. Importance of  
keeping the objectives of the club  
balanced throughout the year. 4.  
The club's responsibility to new  
members. 5. Methods for the de-  
velopment of better Rotarians. 6.  
Suggestions in informing the pub-  
lic and community of Rotary activi-  
ties.

Reference was made to an inter-  
esting address delivered by Rotarian  
Abit Nix, Attorney of Athens, Ga.  
He is a graduate of Harvard, an in-  
ternational figure, and a speaker of  
outstanding ability. In conclusion  
the successful work of the confer-  
ence Committee was praised and  
congratulations to Hattiesburg as  
a host city.

La Follette plan wins some mi-  
nor support, but national liberal  
leaders remain cool.

### PRESENT PROTEST TO BOARD

Attorney Edward I. Jones  
Files Bill of Exception  
With Supervisors in  
Matter Proposed  
Bond Issue.

Members Hancock County Elec-  
tion Commissioners have been in  
session the past few days revising  
the poll books, purging the rolls  
of all disqualified voters, according  
to their findings.

This was necessary when a peti-  
tion was presented to the Board of  
Supervisors during the early part  
of the month, objecting to the county's  
resolution in which it is proposed to  
issue \$75,000.00 to finance pur-  
chase of a dredge and necessary op-  
erating paraphernalia to provide  
for further protection of the mil-  
lion-dollar Bay-Watland seaway  
and to create at the same time a  
sloping beach of great length. In-  
cidentally, it might be said this pro-  
posed bond issue is to be redeemed  
from the gasoline tax fund, sepa-  
rate from the county ad valorem  
tax.

The Election Commission reported  
2439 qualified voters in the county,  
after the purging process. The pe-  
tition needed 609 qualified electors  
to force an election to carry the  
question of the proposed bond issue  
to a vote of the people. As a re-  
sult of the Commission's work it  
was found the petition carried names  
of 417 voters qualified according to  
their findings and record.

The Board of Supervisors hence  
proceeded to issue the proposed  
bonds, but Attorney Edward I.  
Jones filed a bill of exception, signed  
by Sylvester Lantry, Norton  
Haas and Sylvester S. Moran, and  
requested that it be received and  
signed by the President of the  
Board.

On reading the bill of exceptions,  
the Board subsequently recessed  
and deferred action until its con-  
tinued meeting next Monday.

### BISHOP GREEN TO SPEAK HERE NEXT SUNDAY MORNING 9:30

Bishop Mercer Green, of Missis-  
sippi, will hold services at Christ  
Episcopal Church, Bay St. Louis, this  
Sunday morning at 9:30 o'clock,  
where he will address the congrega-  
tion.

On Monday, Tuesday and Wednes-  
day, May 16, 17, 18, a convocation  
of rural rectors will be held jointly  
under auspices of Christ Church,  
Bay St. Louis, and Trinity Church,  
of Pass Christian.

A large number of delegates will  
attend and the three-day convoca-  
tion promises to be one of more  
than ordinary attendance and suc-  
cess.

The Rev. Warwick Aiken is rec-  
tor of both churches.

### RECREATION CENTER IN CITY HALL PARK SOON READY FOR USE

Tennis Court Awaiting New Net—Elaborate May Festival  
Planned for Thursday, May 26—Local Scouts  
To Participate in Program.

Two of the city recreation WPA  
projects are fast getting into shape  
and their progress is noteworthy.  
Especially the tennis court in City  
Hall Park, recently finished, WPA  
workers accomplishing the work in  
quick time, satisfactorily, and under  
the supervision of that master  
workman Charles Wells.

A visit to the tennis court finds  
the place in readiness for the folks  
who bat the ball to and fro over a  
net spread, but because the net re-  
cently received is returned for a bet-  
ter one players will have to wait a  
few days longer before they will en-  
joy the recreation intended for the  
public.

Players will be divided into two  
groups, adults and younger people,  
separate hours for each. Tennis  
tables are also being set up for  
those who rather play the less strenu-  
ous game.

Miss Louise Armstrong, federal  
worker and supervisor local recrea-  
tion grounds, expresses considerable  
satisfaction over the manner in  
which the plan is working out and  
also to the fact the set-up will be  
ready for use within a short time.  
She is a tireless and indefatigable  
worker and this work gives her  
plenty of scope to exercise her abil-  
ity as an executive and willingness  
to do constructive work, and always  
thinking of doing for others.

On the evening of Thursday,

and of the building of the first  
Methodist church in Bay St. Louis,  
also of the beginning of the Mis-  
sionary Society. A memorial plaque

the meeting. Circular letters will

wants all women to know they are

nities that have not yet been visit-  
ed, but Miss Peters will visit in the  
near future some of the ladies and  
assist them in the organization of

Miss Peters has already manifest-  
ed a splendid spirit for constructive  
work and all that is asked is sim-  
ply co-operation. Willing to work,  
she will accomplish the maximum  
of results if only the women of  
Hancock county will in even a mod-  
est way evidence an active interest  
and of that we feel certain. The

est support.

### SENIOR PLAY FOR TO-NIGHT

Elaborate Cast to Present  
Goldsmith's "She Stoops  
To Conquer" at Bay  
High.

Bay High Seniors are busy putting  
the finishing touches on their class  
play, "She Stoops to Conquer,"  
which will be staged Friday, May  
13.

The play, a favorite in all En-  
glish speaking countries, will be one  
of the most colorful ever produced  
in Bay St. Louis. The eighteenth  
century costumes have arrived from  
the Eaves Costume Co., one of the  
largest manufacturers of stage cos-  
tumes in New York and are un-  
usually handsome. "Costumes by  
Eaves" is Broadway's most famous  
byline. Over seventy-five percent  
of the costumes shows produced for  
over twenty years have featured  
Eaves' costumes. Some of these  
Broadway hits costumed by Eaves  
are The Great Waltz, First Lady,  
Idiot's Delight, Parnell, and count-  
less others.

Miss Margaret Weisbrod, State  
dramatic supervisor and friend of  
Miss Givens, is spending several  
days in Bay St. Louis in order to  
act as critic for the performance be-  
fore it is presented to the public.  
Every effort is being made to pre-  
serve the eighteenth century atmos-  
phere. Eighteenth century furni-  
ture has been secured from the  
Kenneth Thompsons and other kind  
patrons.

Synopsis  
ACT I.  
Scene I. A chamber in an old-  
fashioned house of Mr. Hardcastle,  
in the early evening of late fall  
during the year 1773.

Scene II. An alehouse, the favor-  
ite retreat of Tony Lumpkin, the  
practical joker, who directs the  
young Londoners to his father's  
house as an inn.

Scene: The old-fashioned drawing  
room at the Hardcastle house, that  
young Marlow mistakes for an  
inn.

Scene: The house an hour later.  
Kate Hardcastle further deceives  
young Marlow.

Scene: The same, Mr. Marlow dis-  
covers one of his mistakes.

Scene I. The House.  
Scene II. The back of the garden.  
Tony plays another joke.

Scene III. The house several hours  
later. Kate Hardcastle discards  
the character in which "She  
Stoops to Conquer."

"She Stoops to Conquer" was  
first produced at Convent Garden,  
London, on March 15, 1773, and af-  
ter a most successful opening, be-  
gan its triumphant progress through  
English theatrical history. Gold-  
smith wrote the play as a satire on  
the sentimental comedies of his day,  
and although his characters speak  
the most proper sentiments and  
opinions they evoke laughter, not  
tears as did the characters in the  
typical sentimental plays. He used  
the soliloquies and asides in which  
characters speak their thoughts  
aloud and are heard only by the  
audience most frequently, but only  
to produce hearty laughter.

Stage managers: James Arnold,  
Marcel Bourgeois.  
Property Manager: Caroline Grit-  
fith.  
Scenery: Miss Loretta Smith, as-  
sisted by Seniors.

Next Tuesday and Wednesday,  
May 17 and 18, promises to be red  
letter days in Hancock county.

bration of the formal opening of the  
electric switch that will throw the  
current for the rural electrification  
project for Hancock county.

This celebration will take place  
at Aaron Academy, and prominent  
personages and official representa-  
tives will be present.

President Calvin Fountain, Han-  
cock Electric Power Association, will  
head the official forces. From Wash-  
ington, representing the federal  
government, there will be present  
Harold Clark, James Cobb, Mary  
Alice Willis, assisted by County  
Agent John A. Bozeman, Miss Louise  
Peters, county demonstration agent,  
and all county officials.

Carl Vickers, project superinten-  
dent for Hancock county, will also  
be present and to his splendid work  
much that is accomplished is due  
to his intelligent and indefatigable  
efforts.

electrification for Hancock county  
is an epochal event. The two-day  
celebration will be instructive and  
intensely interesting.

ty is invited to attend. Tuesday  
and Wednesday of next week. No  
one should miss it.

### NATIONAL TIRE SAFETY WEEK IS OBSERVED.

Local Goodyear Dealer  
Stresses Importance of  
Good Casings.

The week of May 14-21 has been  
designated as National Tire Safety  
Week, and is being observed in all  
parts of the country.

To Mr. E. J. Arceneaux, local  
dealer for The Goodyear Tire &  
Rubber Company, however, National  
Tire Safety Week merely focuses  
national attention on something he  
has been preaching day in and day  
out throughout the year.

"National Tire Safety Week is de-  
signed to call attention of the mot-  
oring public to the danger of rid-  
ing on smooth, old, worn unsafe  
tires," Mr. Arceneaux said. "This  
is something we have been telling  
car owners for years, and I hope  
observance of the week nationally  
will help impress this deeply into  
the mind of every person who owns  
or operates an automobile.

"With highway accident totals in-  
creasing, rather than decreasing, it  
is important that motorists realize  
the chances they are taking when  
they venture out on tires that have  
passed their stage of usefulness, in  
an effort to get a few thousand  
more miles. Goodyear has proved  
that 90 per cent of the danger of  
highway accident comes in the last  
10 per cent of a tire's life. Old,  
smooth, worn tires may fail at any  
time; with new rubber the motorist  
is free from worry from that source.

"In addition to the danger of  
failure, a smooth tire offers no pro-  
tection against dangerous skids when  
streets get wet and slippery. After  
all, brakes will stop the wheels, but  
it is the tires that stop the car.  
Gripping center traction, such as is  
found in Goodyear G-3 and R-1  
tires, give maximum protection  
against skids, provides maximum  
stopping ability in event of emer-  
gency.

"Many a car owner who believes  
he can squeeze a few more miles  
out of his worn tires may regret  
that those tires weren't replaced  
with new ones," Mr. Arceneaux  
concluded.

## NOT HOLY MACKEREL—BUT TROUT!

THE way of the preacher is not always an easy one, at least, not for a trout-fishing Cermont Methodist minister, who left a supply-preacher in his pulpit while he went fly-casting on the Sabbath, and since forgiven.

In addition, the Rev. Lawrence Larowe, 34-year-old pastor of the Springfield Methodist church, knows he was not the only member of the congregation who pursued the Waltonian pastime on the opening day of the trout season.

When the chairman of a special trustees' meeting considering the pastor's conduct asked what other communities did a week ago Sunday, several replied they also were snaring wily trout. Their admissions drew a round of hearty chuckles.

A 37 to 1 vote of the trustees, absolving the pastor of misconduct was applauded by the congregation yesterday. More than half of the trustees are women.

This story, amusing as it seems, is vouched for by the Associated Press.

## DEATH ON THE TRAIL.

OUR morning paper a few days ago told of a family traveling from Texas eastward, in which a wagon containing a man and his family were traveling and the van was drawn by the father rather than by motor power.

The sequel comes later from Opelousas, when death of Geneva Pearl, infant daughter of the itinerant parents, Mr. and Mrs. Dave Sweatt, who had reached the Louisiana town after 700 miles of travel, in their home-made wagon, overtook travel and plans.

The family arrived at Opelousas about two weeks ago, the father pulling the wagon and possessions could go no further.

They had travelled from Brownsville, Texas. Geneva Pearl was born a week ago Saturday. Civic clubs provided clothes, food and hospitalization.

The baby died Saturday of what physicians said was a blood clot near the brain. Mrs. Sweatt was reported "doing nicely." Her husband said they would remain here indefinitely because "the people are friendlier than any other place I have lived."

## SUICIDE "HAD NO FRIENDS."

A STORY comes from Baton Rouge that a man who said, prior to his death that he was Joe James, of New Orleans, when he engaged a room Saturday night at the rooming house of Mrs. M. D. Cook, suicided because he "had no friends."

He was found with a bullet in his head, an automatic revolver was in the right hand and a note on the dresser said, "I have no friends, no kin." All identification marks had been removed from the clothing.

Here is a tragedy. A sad story. A man had no friends, no one to tell him a friendly word, none with whom he might mingle. Like too many cases of suicide, a kind word, a tap on the shoulder before the tragic moment would have turned away the sorrowful spirit that drove him to destruction.

A kind word has accomplished much, and will shape the life, make for destiny, move the world of men and women.

## DICTATOR SOCIETY EVENT.

LAST week Dictator Adolf Hitler paid a friendly visit to Dictator Benito Mussolini. The Italian leader made strenuous efforts to surpass the welcome which Hitler gave him in Berlin last fall. It was undoubtedly a great show.

As a sidelight, police estimated that more than 6,000 persons were arrested in Rome as precautions to insure the safety of the German Fuehrer. Some were jailed and some were sent out of Rome. Automobiles were searched, police guards were doubled along the railways and shipments of small parcels halted completely while the German Chancellor was in Rome.

Altogether it was quite a demonstration of the loyalty and affection that the people feel for the dictators.

## TWENTY YEARS AGO.

JOSEPH DANIELS, Ambassador to Mexico, is given a blow-out in his own town upon the occasion of his golden wedding anniversary. He is one of the dwindling number of prominent men who upheld the hands of President Wilson in the stirring days when "over there" was the rallying word. Twenty years is not a long period, as time goes, but during the interval there has been an appalling exodus to a more distant "over there." Incidentally, the country smiles with pleasure at the grit of General Pershing. The special train that was prepared to take his body to Washington went east empty, save for the old World War uniform in which he was to have been laid out.

## HARDSURFACING NEW SHORT-CUT.

MISSISSIPPI State Highway Department is making considerable progress hardsurfacing the new shortcut highway connecting the OST at Pearl River bridge with Bay St. Louis. This road has already been fitted with concrete surfacing over several miles and in due time will be a finished product the way thru.

Our highway department has favored this and the Coast section and judging from past favors and indications from Jackson there is much more in store.

Gov. White is a friend to the entire State. He has worked without respite for good roads over the State and, all things equal, he has ever been a friend of this section.

His plans for the Gulf Coast Riviera project are extensive and practical, realizing fully the importance of this section of the State—that its success will indirectly be state-wide.

The contracting firm in charge of hard-surfacing the short-cut has ample force of men at work and sources in a position to know is A-1. It will be traveled by millions to come.

## CREDIT TO WHOM CREDIT IS DUE.

IN NOTING the number of improvements about the city, both municipal and county, negotiated under auspices federal patronage, Works Progress Administration, it should be borne in mind, not disparaging the enterprise and generosity of the federal government and the men who represent in the halls of the nation, that both county and city come in for considerable share of credit.

Just now WPA forces are completing recreational playgrounds about the city that show to advantage and will prove of immeasurable benefit to the public. While it is true the city alone could not just now finance these projects yet the municipal board of mayor and commissioners have co-operated financially in the different enterprise and the same may be said of the county.

The playgrounds, it must be remembered, are not equipped. This must come from private funds and it is for this reason benefit entertainments and other efforts to realize money are put forth from time to time.

## GARDEN SURVEY REVEALS.

THAT our people are civic-minded and conscious of outdoor beautification has been proven by a series of articles, written by Garden Reporter, appearing in the columns of The Echo, the past several weeks.

This series is not finished. There are so many beautiful yards and gardens hereabouts that it is impossible to make for coverage in a short while, however, we hope to get to the various places in due time.

Gardens and yards of the Mississippi Gulf Coast have frequently been subject of complimentary comment, and the Bay St. Louis and Waveland premises of the number are not the least.

Our people give much attention to outdoor beautification and it is interesting to note the survey conducted by the Gardens Reporter in the Echo columns reveals so much beauty as a result of time and attention and a sense of pride that contributes immeasurably to the success of the beauty of the place.

## FOR HIGHWAY PATROL.

GOVERNOR WHITE announces that it would be "later in the week" before the personnel of the new state highway patrol would be made known, appointments according to law enacted by legislature recently adjourned.

Advices from Jackson say one hundred men were to be selected by the governor and Major T. B. Birdsong, state patrol director, to attend a 30-day training camp at Camp Shelby opening May 15; that the 53 most promising men were to be given patrol appointments.

Mississippi highways will in future be patrolled by state police, trained to high point of efficiency for the particular work. This will go into effect about the 1st of July, it is stated.

It is planned to curb wayward driving and save lives and property.

## LOUISIANA SALES TAX IS URGED.

GOVERNOR Richard Leche launched his legislative program in the State Legislature in an address to a joint session of the House and Senate.

The Governor recommended the Legislature enact a general on per cent sales tax to place the state's welfare and hospital programs "on a sound financial basis."

Under provisions of the bill every community would be subject to the 1 per cent sales tax save agricultural products.

Sales tax is finding popular favor over the country since Mississippi took the initiative. It appears a sort of painful extraction, by degrees, and no one seems to mind its collection, only when it is necessary to break a dollar bill in order to pay a "pesty token" or two.

## BISHOP TO LEAVE MISSISSIPPI.

BISHOP J. L. Decell, elected to the Episcopacy of the Methodist Episcopal Church, South, during the general conference at Jackson last week, has announced he will leave Jackson and reside in Birmingham as Bishop for the general district to which he was elected.

Bishop Decell was pastor of the Galloway Memorial Church at Jackson and the State will hate to see him leave the State as place of residence.

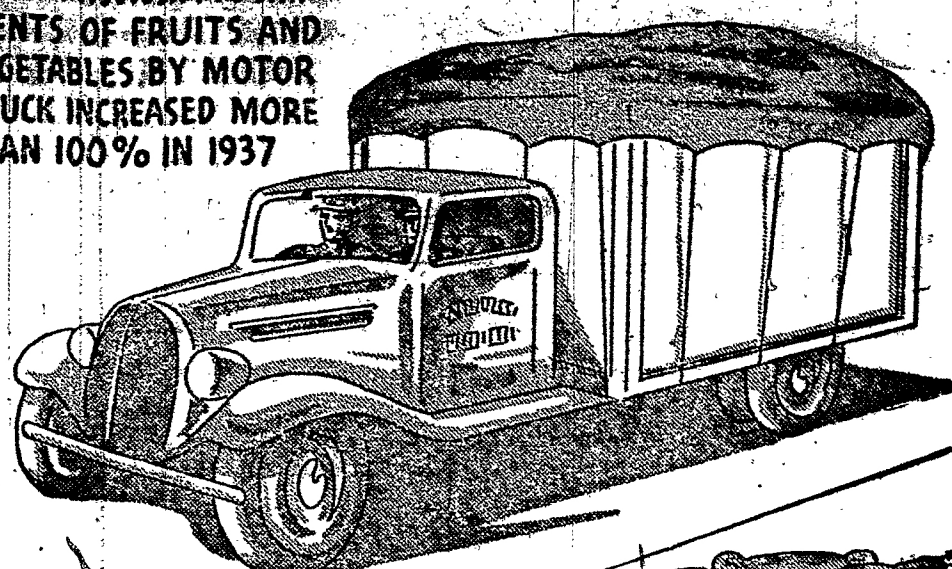

His appointment to the high office, has brought unanimous satisfaction.

## PASS CHRISTIAN PRIMARY.

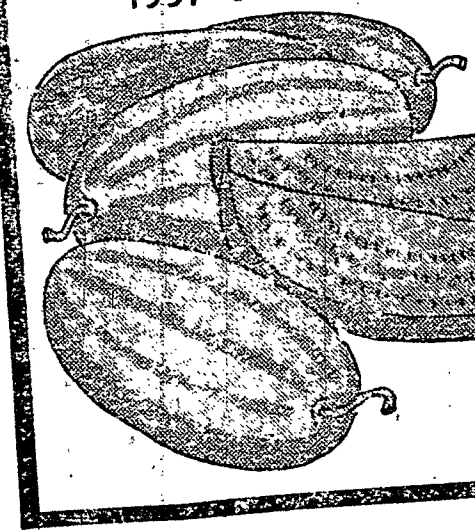

PASS CHRISTIAN, our sister city across the Bay, is in the throes of a municipal primary, to be held June 14. There are many candidates for the various offices—plenty of available material and much of it that is good, if not all. However, only one person to each office is eligible to election. And when the votes will have been counted on the evening of that "rare day in June" the poets have raved about, there will be candidates jubilant, others disappointed. Many are called and few are chosen.

## WHAT THE PRESS IS SAYING OF MEN AND MATTERS IN EDITORIAL EXPRESSION

### BREAKING THE BACK OF R. Rs. WITH TAXATION.

(McComb Journal)

THERE is a serious question as to just how long the railroads will be able to stand the ever increasing tax burden being placed upon them. One of the serious points in question from the viewpoint of the railroads is that this tax money which is being extorted from them is often used to subsidize the competitors of the railroads in the transportation field.

One thing we do know: If government ownership of the railroads should come and the railroads should withdraw as taxpayers other industries and other people would certainly have to assume the tax burden which the railroads are carrying today.

One may look at the tax record of the Illinois Central System to get a bird's eye view of the whole situation. We are looking into the record of Illinois Central system simply because it happens to be a citizen of Pike county. The actual tax bill of the Illinois Central system increased \$2,101,045 during 1937 over 1936. This company paid an average of eight and one-half cents out of every dollar's worth of transportation revenue earned for taxes during 1937. This was equivalent to twenty cents of every dollar of wages. The I. C. System is representative of what the entire railroad system is confronted with.

It is an evident fact that the ever increasing tax burden is one factor which lends itself to the production of lower wages. The recently announced wage cut by the American Association will certainly be a blow to the hopes of an early recovery from the business recession. Taxation helped to cause the condition.

### "FIGS THE NEIGHBORHOOD."

(Laurel Leader-Call)

THERE is not a farm house in the state, we suppose, that has not its fig tree. Figs are easily grown in South Mississippi, to the coast, and in North Mississippi, to the Tennessee line.

Some northern relatives came to call on some friends of ours, and did not find them at home. They noticed the fig trees in the yard, and asked the colored cook, who answered their knock, what the trees were. She told them they were figs, and of course the northern cousins were amazed and delighted to think that anything so tropical would grow in South Mississippi. They had a good deal to say on the subject.

The cook enjoying her duties of hospitality, and maybe boasting a little beyond actual facts in the case, answered all their admiration with the assurance: "Yes, indeed, we have figs. In fact, we just about figs the neighborhood."

From the looks of the trees this year, almost anybody with a fig tree will be able to "fig" the neighborhood.

### Doctors Collect Tax Token For Operation at Memphis.

They don't charge tokens in Tennessee, but Memphis physicians today claimed sales tax for an operation on little Roberta Reavener of Baldwin, Miss.—they took it from her stomach.

It is an evident fact that the ever increasing tax burden is one factor which lends itself to the production of lower wages. The recently announced wage cut by the American Association will certainly be a blow to the hopes of an early recovery from the business recession. Taxation helped to cause the condition.

Leaders hasten pump-priming recovery and relief bill.

## INTERESTING NEWS ITEMS OF THE MOVIES AND FILM FOLK IN HOLLYWOOD

Edward Everett Horton, Akim Tamaroff and Ben Blue have been added to the cast of the Bing Crosby-Francis Gail picture, "Paris Honeymoon."

Billie Burke has been signed up to play the part of Mrs. Carlton in I. A. R. Wyle's "The Young In Heart."

"Robin Hood" is to be followed by a sequel which will probably be called "Further Adventures of Robin Hood."

"Hans Brinker of the Silver Skates," combined with the story of the hole in the dyke will serve as a vehicle for Bobbie Breen and five-year-old Virginia Dare.

Michael Whalen and Chick Chandler are to be featured in a new series based on the adventures of two newspaper men.

Errol Flynn, who is in the East and who has been refusing to answer telegrams from his studio, has been replaced in "Sister Act" by Jeffrey Lynn, a member of the road show company of "Brother Rat."

The life of Clara Barton is being planned, using four actresses as the heroine at the ages of 16, 35, 50 and 90.

"Declaration of Independence" has been expanded to feature length and will have John Littel as Patrick Henry. Another patriotic number will be "Remember the Alamo" with Humphrey Bogart as David Crockett and Dick Foran as Sam Houston.

Barbara Stanwyck has replaced Katherine Hepburn in "The Mad Miss Mantou" because Miss Hepburn objected to making another comedy after "Bringing Up Baby" and "Holiday."

Mary Boland has been added to the cast of Jack Benny's "Artists and Models Abroad."

Ethel Merman has been spending a week in New York. Her next assignment is with the Ritz Brothers in "Straight, Place and Show."

"The Hundred Days," depicting that time in history between Napoleon's escape from Elba and his banishment to St. Helena, will be filmed by Warner Bros. Crane Wilbur will return to the screen as Napoleon.

The cast for "Mother Carey's Chickens" includes Ruby Keeler as Kitty, Ann Shirley as Nancy, James Ellison as Ralph, Jackie Moran as Gilbert, Phyllis Kennedy as Annabelle, and Fay Bainter as Mrs. Carey.

Word comes from Hollywood that Charlie Chaplin will make a talking picture starring himself. This will be the first picture in which the Chaplin voice is heard. Mr. Chaplin has made three comedies during the last ten years but all of them were of the silent variety.

The audience will be invited to hiss and applaud "The Drunkard," which is now being made. Claud Rains is the villainous villain, Anita Louise, the sweet, sweet heroine; George Brent the brave hero, and Dick Foran, the horrible drunkard.

Bobby and Billy Mauch's father has gone back to New York to take his old job in a railroad office. He says he never wants to see Hollywood again and he hopes the boys will get the show business out of their systems.

The Progressive Education Association has been given an additional grant of \$69,000 from the General Education Board of the Rockefeller Foundation and will continue making classroom films for another year.

Charlie McCarthy will no longer be paralyzed from the neck down. His elbows, shoulders, wrist, hips, knee and ankle points now have wires controlling them and he is expected to show more animation. The change cost Edgar Bergen \$250.

### I SING MY SONG TO COTTON.

I sing my song to cotton. Let everybody wear it. Hard times will be forgotten. If all of us will dare it.

There's beauty in the fibre. It has a million graces. Despite the sneering jibes. How lovely are its fibres.

It lends a radiant glory. To every winsome wearer. A halo for the hoary. It makes the fairest fairer.

The debutante it dowers. With beauty past believing. It matches all the hours. Of gladness or of grieving.

The bride arrayed in cotton. Is crowned with rarer sweetness. Let fashion be forgotten. Come, Plenty and Completeness.

There is no rhyme or reason. Why Dixie should ignore it. Both in and out of season. All Dixie should adore it.

We have the soil to grow it. We have our mills to spin it. And in our hearts we know it. We ought to dress up in it.

Let every lovely lady. Embrace the bold adventure. Let Sallie Sue and Sadie. Ignore their sisters' censure.

Let every man of mettle. Dike out in cotton daily. No matter whom it nettles. Go forth to triumph gaily.

I sing my song to cotton. Let everybody wear it. Hard times will be forgotten. If all of us will dare it.

That in order to make provision for the payment of the principal of and the interest on the said Road Protection Refunding Bonds of 1938 as the same respectively mature and accrue, the said County of Hancock, acting herein by the payment of the principal and interest on said County, does hereby irrevocably pledge and dedicate the following revenues and taxes:

(a) All of the funds received by Hancock County, Mississippi, from the State of Mississippi, under the authority of Chapter 279, Laws of Mississippi of 1936, including any other funds collected by the State of Mississippi in said County and allotted by law to said County for road purposes, or so much thereof as may be necessary to provide for the payment of the principal and interest on the bonds herein authorized to be issued.

(b) All of the avails of an excise tax, in addition to any such tax levied and collected by the State of Mississippi, on each gallon of gasoline distributed in said County, under and by virtue of Section 6930 of the Mississippi Code of 1930, and said Board of Supervisors does hereby covenant and pledge that, so long as any of the bonds herein authorized to be issued shall remain outstanding and unpaid, the aforesaid excise tax on the distribution of gasoline shall be levied and collected at a sufficient rate per gallon, not exceeding the limit imposed by said section, sufficient to produce the amount necessary to pay the aforesaid bonds and the interest thereon as it accrues, after making allowance for the funds received by the County as pledged under paragraph (a) and (b) above.

(c) All of the avails of an annual special ad valorem tax to be levied upon all taxable property of and within Hancock County, Mississippi, without limitation as to rate or amount, which it may become necessary to levy and collect in order to provide for any deficiency in the revenues pledged under paragraph (a) and (b) above, and the said Board of Supervisors does hereby covenant and pledge that such levy shall be made whenever and as often as it may be necessary in order to provide for the payment of the bonds herein authorized to be issued and the interest thereon, all as provided by Section 6928 of the Mississippi Code of 1930 and by Chapter 143, Laws of Mississippi, 1934, as amended.

Section 4. That all of the revenues and taxes pledged and dedicated in Section 3 of this resolution, when received by the County, shall be credited to a special account to be held solely and only for the redemption of the bonds herein authorized to be issued and for the payment of the interest thereon as it accrues.

Section 5. That the Road Protection Refunding Bonds of 1938 herein authorized to be issued shall be validated under the provisions of Chapter 143 of the Mississippi Code of 1930, and to that end the Clerk of this Board is hereby authorized and instructed to make up a transcript of the proceedings had in this behalf and to certify same to the State Board of Supervisors.

Section 6. That when the said bonds shall have been prepared and executed as in this resolution directed, they shall be registered by the Clerk of this Board in a book kept in his office for that purpose, as required by law, and the said Clerk shall endorse upon the reverse side of each of said bonds a certificate in substantially the following form:

## SEVEN-SONG HITS FEATURE NEW PICTURE AT A. & G. THEATER

Sunday and Monday—"The Big Broadcast of 1938"  
Musical Comedy.

Lavishly designed to be the year's top musical comedy romance, Paramount's "The Big Broadcast of 1938," which opens next Sunday at the A. & G. Theater, with a cast headed by W. C. Fields, Martha Raye, Dorothy Lamour and Shirley Ross, boasts seven of the most popular, "most-played" songs of the past year.

The songs, all planned to advance the plot of the laugh-and-romance-filled story, are "Thanks for the Memory," "The Waltz Lives On," "You Took the Words Right Out of My Heart," "This Little Riddle Had Rhythm," "Mama, That Moon Is Here Again" and "Don't Tell a Secret to a Rose," all by Leo Robin and Ralph Rainger, and "Sawing a Woman in Half," by Jack Rock.

Shirley Ross and Bob Hope, radio star who makes his screen debut in "The Big Broadcast of 1938," play the parts of the leading romance team, and are featured in "Thanks for the Memory" and "The Waltz Lives On," the latter being one of the most lavish and luxurious productions ever to be brought before the cameras.

Lovely Dorothy Lamour, exotic songstress who scored so sensationally in "High, Wide and Handsome," sings "You Took the Words Right Out of My Heart," accompanied by Leif Erikson, recently seen here in "Thrill of a Lifetime."

"Mama, That Moon Is Here Again," a number in the sensationally popular Martha Raye manner, is sung by Miss Raye with Lynne Overman as a male chorus joining in the dance which follows. "Don't Tell a Secret to a Rose," and "Sawing a Woman in Half" are also featured, as is "This Little Riddle Had Rhythm," a Shep Fields number.

## GARDENS ROUND ABOUT.

Each week new flowers open to delight the gardener. Just now, the hydrangeas are blooming in all their showy splendor.

Large bushes with perfect blooms of pink and blue, were noticed on the Court House grounds and at the Methodist parsonage. A handsome bush may be seen in the August Schiro yard on Main street. Mrs. Sam Keen and Mrs. M. Briggs have some exceptionally fine bushes used as base plantings, with exquisite pink blossoms of unusual size and color.

The garden of Mr. and Mrs. George Rea on Washington street, is another of the very attractive gardens found around Bay St. Louis.

A wide sweep of green lawn on either side of the house is bordered in front with a low hedge of ligustrum.

The front garden is almost entirely taken up with two large palms that make a screen for the front porch. On either side fine young oaks cast their shade.

One side of the garden is bordered with a long bed of lilies, hydrangeas, double flowered oleanders, young dog woods, spires van houette and parma violets.

Fine camellias, a Japanese magnolia, and two red bud trees are placed here and there on the green sward.

A tall, brown, latticed fence separates the front garden from the service yard. The border here consists of roses, petunias, azaleas, bridal wreath and poinsettias.

In the rear, large fig trees give their shade for a bed of iris and chrysanthemums.

Around the base of the house is a planting of arborvitae. Large window boxes of colorful petunias lend their bright note against the brown of the house.

Along the back fence of the garden, on the west side of the house, is the rose garden, consisting of 100 newly planted red and pink radiance roses.

Other roses, gladiolas, iris, and azaleas fill the side border. Trim and well groomed this garden is always to be admired.

## SUPER-SPECIAL FILM AT GULF ON SUNDAY-MONDAY.

Evening at Gulf Theater—  
Varsity Show Coming  
To Waveland by Popular Request.

This magnificent super-special musical brings together one of the finest cast ever assembled in one production. This happens to be the last picture in which the famous Ted Healy appears. Shortly after finishing Varsity Show, Ted Healy was brutally attacked at a Hollywood celebration from which he died. Thus, ending the career of this successful actor.

So many of his followers have been wanting to see him for the last time that all theatres have found it necessary to bring this production back to their patrons. Varsity Show offers mighty fine talent, numerous new songs and dancing. It is one of the most colorful and fun making productions ever released.

We trust that everybody will find it possible to see Varsity Show.

On Tuesday and Wednesday a brand new first run production to the Gulf Coast will be presented. "The Wrong Road," with a very nice cast and quite opposite from Varsity Show, offers very heavy and interesting drama. The Wrong Road has a very heartily story to convey. Such dramas run quite along with true life. Don't fail to see The Wrong Road as it might serve to unravel some of your tangled and twisted troubles, that all humans are constantly involved in.

Daughter—He threatened me.  
Mother—Threatened?  
Daughter—Yes, not to kiss me anymore.

## MOTHER! don't experiment with your Child's Cold

VICKS VAPORUB

Often, "mere colds" have serious consequences. It is dangerous to neglect a cold—equally dangerous to experiment with half-way measures.

Feed—suffer—Use Vicks VapoRub—the proved external method of treating colds. No risks of constant internal "dosing," which so often upsets delicate digestion and lowers resistance when most needed.

DOUBLE DIRECT ACTION  
Just rubbed on at bedtime, VapoRub fights a cold direct—two ways at once—by stimulation and inhalation. This combined poultice-vapor action loosens phlegm, soothes irritated membranes—eases difficult breathing—helps break congestion. Often by morning the worst of the cold is over.

## THE ECHO'S COOKING CLASS

WE might as well succumb to the urge of spring and all the good things that come with it. The springtime means asparagus, peas, mushy peas, straw-berries, carrots, etc. They are all tonics and should be served frequently during the spring.

Cook 8 small new potatoes, 8 baby carrots, 1 small cauliflower, broken in small pieces, 1 cup fresh peas. To 2 cups of hot medium cream sauce add 1 package of old English cream cheese. Stir until smooth. Place vegetable in casserole, pour sauce over them and place under broiler just long enough to delicately brown the cheese sauce. Garnish with parsley.

### Look Appetizers

Soak large leeks in cold water to remove sand, split and cook in boiling water. Chill and top with a highly seasoned paste of sardines.

### Fried Green Tomatoes

Slice green tomatoes 1-3 inch thick. Dip in seasoned corn meal and saute in hot shortening until brown on both sides.

### Spinach a new Way

2 eggs  
3 cups rolled crackers  
4 tablespoons shortening  
2 cups milk  
2 cups cooked spinach  
Beat the eggs, add the milk, crackers and spinach. Stir in melted shortening and bake 1 hour in a slow oven.

### Green Peas and Mushrooms

½ pound mushrooms  
2 lbs. peas  
4 tablespoons shortening  
¼ cup water  
1 teaspoon salt  
Pepper

Shell peas. Melt shortening and add mushrooms and saute for a few minutes. Add peas, salt, pepper and water, cover and cook slowly until tender—about 25 minutes.

### Stuffed Lettuce Salad

Select a large hard head of lettuce and trim away the outer leaves. Cut a slice from the bottom so it will stand evenly. With a sharp knife cut a circle as deep as possible all around the top. Remove as much of the inner as you can. Shred it very fine, then mix with an equal part of diced beets, a few tiny shreds of onions and half a green pepper shredded. Season well and mix with French dressing. Fill the lettuce head with this; when serving cut in pie fashion and pass dressing with the salad.

### Frozen Tomato Cream Salad

6 medium sized tomatoes  
1 cup water  
¼ cup well seasoned mayonnaise

1 cup stiffly beaten cream  
1 endive of lettuce  
Asparagus tips and green peas. Cook together 6 tomatoes and 1 cup of water, one small onion, one blade of mace, three cloves and a sprig of parsley. Press through a sieve, rubbing as much pulp as possible and season rather highly with salt and pepper. When cold combine with the salad dressing and cream, turn into a refrigerator tray and freeze, stirring two or three times during the first hour of freezing. Or turn into a mold and seal and pack in equal parts of ice and salt. Unmold onto endive or lettuce. Garnish with asparagus tips and peas which have been marinated in a little French dressing.

### Meat and Vegetables Loaf

Round steak  
1 cup bread crumbs  
1 cup celery  
1 cup onions

The usual conditions and requirements will govern the letting of the contract, Mr. Craig said.

The recent legislative session changed the time for issuance of automobile licenses and this year the tags will go on sale in the sheriff's offices on October 1. Car owners will have only the month of October in which to buy the tags without the addition of penalties.

Heretofore the tags have been placed on sale on December 1 with January 1 as the deadline.

## W. P. A. Library Lights.

On Thursday, May 5, the assistant librarian of Hancock county attended an all day meeting at the main library at the Bay. Part one of the morning program was devoted to instructions by Miss Crawford as to ways and means of improving their libraries and creating a more wide spread interest in reading in their individual communities.

Part two was devoted to the librarians giving short summaries of books they had read. Those appearing on the program were, Miss Elizabeth Harrier, Mrs. Esther White and Mrs. Cora Martin.

Miss May Edwards reviewed "Yang & Yin" by Alice Tisdale Hobart, in an interesting manner.

The afternoon session developed into a round table talk—discussing library problems.

Similar monthly meetings for branch librarians and M. Y. A. workers will be held the last Friday of each month.

New books on the pay shelf are "Action at Aquila" by Henry Allen and "The Rains Come," by Louis Broomfield.

## Hancock Co. Health Unit Offices In City Hall Building.

A large and well-painted sign board designates to the public location of Hancock County Health headquarters and office, City Hall first story, of which Dr. C. M. Shipp is the active and efficient county physician in charge.

The sign is new and was placed in position this week and is both informative and fitting. Heretofore the splendid health department of county and city has remained, in a measure, unrevealed, hidden away as the modest village, so to speak.

We find the offices are spacious, equipped and inviting, even though a physician's or medical office. This unit of the State's health work is of inestimable value and serves the public in large measure—without charge.

H. L. Witter, local sign painter, contributed the sign. It is here the Red Cross headquarters, of which Mr. George R. Rea, is county chairman, has part of its quarters in the county.

"Did you ever catch your husband flirting?"

Only once.

What did you do to him?

Married him.

LAST CHAPTER OF

"VIGILANTES ARE COMING"

Two hundred and fifty farmers in Hancock county have signed work sheets. Allotment for 1938 approximately 760 acres for cotton growing. Other items of interest to farmers.

Approximately 250 farmers in the county have signed work sheets under the 1938 Agricultural Conservation Program, agreeing to carry out certain soil building practices on their farm in order to earn their soil building payments. To date Hancock county has received a cotton allotment for 1938 of approximately 760 acres. About two-thirds of the farmers who have signed work sheets this year, will produce cotton, and the acreage allotment per farm ranges from 1 to as high as 30 acres. The cotton acreage allotment to the county this year is about 200 acres more than it was in 1937, and all farmers who are growing cotton in 1938 are urged to plant their full allotment or as near thereto as they possibly can, in order that in future years the county will be in a position to receive a reasonable acreage allotment.

The County Agricultural Conservation Committee met in the County Agent's office on Tuesday morning May 10th, and set up two mapping crews consisting of 4 men per crew, for the purpose of making scale maps of every farm covered by a work sheet in 1938. The eight men selected will attend a special training school which will be held in Wiggins, Miss., on May 13 and 14. The county committee expressed itself as being desirous that the mapping work be started by Tuesday, May 17th, or as soon thereafter as practical. All farmers are requested to cooperate with the mapping crews in order that the work might be accomplished within the time set to do this work. More details will be published at an early date relative to this phase of the Agricultural Conservation Program for Hancock county. The county agent's office has been moved to the third floor of the courthouse, in Jury room No. One.

## Personal and General

JUNIOR AND SENIOR FROM AT S. S. C. WEDNESDAY EVENING.

An outstanding achievement of success was the Junior and Senior prom given Wednesday evening at St. Stanislaus College, at the gym building.

For this occasion the hall was decorated in such manner as to make for originality and to attract and hold one's admiration.

Fashioned along the lines of a Japanese pagoda, with bands of green and yellow paper formed the roof and ceiling, spreading out to the outer edges, then brought down in straight lines, wall-like to the floor. It was like a building within a building. This was brightly lighted and showed off gallant youth and fair beauty to advantage.

This decorative structure had been previously planned and designed with mathematical precision and proportion—the work of a committee appointed for that purpose.

A new feature was the placing of tables around and on the edges of the dance space where couples might sit and enjoy the refreshment of the evening, a setting in somewhat night club fashion.

In addition to a number of Brothers of the faculty, other chaperones included members of the Mothers' Club and a number of gentlemen guests.

The prom was a most delightful affair—a thorough success, and was numerous attended.

Music was supplied by the Dictators orchestra of Bay St. Louis.
